

Subject: Actel Programmer Update – Silicon Sculptor II for \$1055

May 15, 2009

Dear Customer,

The purpose of this letter is to inform you that Actel is discounting remaining stock of the Silicon Sculptor II programmers. The new price is \$1055. Please contact Actel sales to purchase.

Previous notification released in 2006 linked below, mentioned that support would cease in 4 years for the software. This has now been updated to include ongoing software support with no current plans to end support. If in the future Actel decides to stop support for the sculptor-II software a 6 month-1 year notification will be given and the final release of software will remain available on the website. New devices will be supported on both the Silicon Sculptor II and the Silicon Sculptor 3, but only if memory requirements of algorithms for new devices permit it.
